8. **13" Deep Slideout**
9. **Standard LP Bottle Cover** - Must remove entire cover to access valves
10. **120VAC TV** - Must be hooked to 120V AC power source to use
11. **Must use other drawer space for Silverware**

# 2010 COMPARISON FREEDOM EXPRESS

*It's just that EASY*

#### Protective Underbelly

Fully enclosed underbelly protects holding tanks and other components from the elements and animals, while reducing turbulence for safer and more efficient towing.

#### Stabilizing Jacks

Four scissor-style stabilizer jacks equally balance each corner of the trailer for added security and safety, remaining sure-footed on softer ground with included sand pads.

#### Grill Station

10,000 BTU, full-sized Coleman® grill station conveniently slides out from the trailer exterior and is removable for added versatility at the campsite or family picnic.

#### Outside Shower

Equipped with hot and cold water, the exterior shower rinses sandy feet and facilitates cleanup from outdoor barbecues. Also sprays sewer hose following disconnection for a quicker, cleaner departure.

#### Exterior Grab Handle

Extra large, fold-away grab handle provides additional stability while entering or exiting the trailer.

#### Pass-Through Storage

Easily access camping gear, fishing poles or toys from either side of the trailer when using expansive pass-through storage compartments.
