## INTRODUCTION

Thank you for purchasing a Coachmen Recreational Vehicle. With your new Recreational Vehicle purchase, Coachmen provides a one-year Limited Base Warranty and a two-year Limited Structural Warranty. Our Base Warranty has helped propel Coachmen to the top of the RV industry with one of the most comprehensive warranties available today. With few exceptions our warranties operate as a 'One Stop' Warranty plan backed by a network of over 300 service centers ready to meet your needs throughout the U.S. and Canada. Also, many of our component suppliers offer warranties that extend beyond Coachmen's warranty coverage. In this guide you will find our Base and Structural Warranties along with a summary of the many component manufacturer warranties available to you. **THE COMPONENT WARRANTY SUMMARIES ARE NOT INTENDED TO REPLACE THE COMPONENT WARRANTY DOCUMENTS PROVIDED WITH YOUR PURCHASE.** Please refer to the original warranty documents when coverage questions arise. **PLEASE REVIEW YOUR OWNER'S MANUAL FOR QUESTIONS REGARDING THE OPERATION OF YOUR RV.**

## COACHMEN LIMITED WARRANTY

### Scope

The Coachmen Limited Warranty applies only to new vehicles sold by an authorized Coachmen RV dealer for one year from either the original retail purchase date or the date the vehicle was first put into use, or the first 15,000 miles of total use, (Warranty Period) whichever occurs first. Be sure you read and understand this Limited Warranty. This warranty is transferable to a subsequent owner for the duration of the original warranty period, one year (1), with proper application and a \$75 processing fee.

### Coverage

'Recreational Vehicle' (also referred to as 'RV') means all portions of the product which are used or primarily maintained as a temporary mobile dwelling, and excludes any components that are typically found in an automobile except the 'Installed Portions', defined below. These 'RV' portions, which may also be described as 'living facilities', include but are not limited to, the plumbing system and fixtures, LP system, appliances, roof air conditioner(s) and RV furnace (and related ducting), electrical systems unrelated to the propulsion of the vehicle, RV entrance door, exterior compartments, and windows other than the windshield and driver and passenger window.

'Installed Portions' means those portions of the motorized product (if applicable) which were installed or attached to the chassis by Coachmen, and which may include: cockpit driver and passenger door, windshield, driver and passenger window, windshield wipers, dash air conditioner, heater, dash gauges and controls, exterior automotive lights and mirrors.

Defects or damage to interior and exterior surfaces, trim, upholstery and other appearance items that may occur prior to delivery are usually corrected during the inspection process at the manufacturing facility and the dealership. If you have concerns over any such item when you take delivery of your vehicle, please notify your dealer immediately.

### Exclusions

The Limited Warranty does not cover any of the automotive chassis components which are warranted separately by the respective manufacturers. This exclusion applies to problems caused by the engine, drivetrain, steering and handling, overloading, braking, wheel balance or alignment, muffler and exhaust system, tires, batteries and gauges. This Limited Warranty also does not cover generators or televisions or any other item or component which is warranted separately by the respective manufacturers. This Limited Warranty specifically excludes damage caused by improper use, failure to maintain in accordance with the Owner's Manual, improper operation, overloading, abuse, collision, damage due to the environment such as flaking, peeling or discoloration of the exterior or finish, alterations or improper repairs, service call charges, corrosion, cosmetic flaws, or normal deterioration/wear of fabrics and carpeting. This Limited Warranty is void in the event that you use the vehicle other than for its customary purpose, fail to register and use the vehicle in one of the United States or Canada, and/or use the vehicle for rental or other commercial purposes. THIS PRODUCT WAS DESIGNED AND IS INTENDED TO BE USED FOR RECREATIONAL OR SEASONAL USE ONLY. There is no warranty of any nature made by Coachmen beyond that contained in this Warranty. No person has authority to enlarge, amend or modify this Warranty. The dealer is not Coachmen's agent but an independent entity. Coachmen is not responsible for any undertaking, representation or warranty made by any dealer or other person different from those expressly set forth in this Warranty.

## UNIT WEIGHT INFORMATION SHEET

MOTORIZED UNIT WEIGHT INFORMATION SHEET (MM/DD/YY)

Coachmen® motorhomes are designed to allow for a wide variety of uses from extended trips with two people to short trips with multiple people. Accordingly, each unit allows ample room for sleeping, seating, fluids and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo load and towed vehicle without exceeding the chassis weight capabilities.

Seat belts are required to be worn in most states, and should always be used for passenger safety. Seat belts have been provided at most seating locations to allow convenience in selecting which seat to occupy. However, it is not intended that all seating positions equipped with seat belts may be occupied while the vehicle is in motion, without regard to other weight factors.
